Google review summary

4.3 ★★★★★ (395)

Customers consistently praise the store's staff, especially Caden, for providing excellent and helpful service. This assistance makes phone setups and transfers easy for them.

Some reviews mention the service can be unprofessional.

This was a very positive experience for me with this AT&T store. I couldn't get into my iPhone due to trying it more than once with the wrong password. Very fortunately Caden was able to help me and I was able to get into it. I will add that I was trying it with the wrong password and when we talked I suddenly remembered it was not this password. I gave him a big hug.

I was having unexplained issues with call forwarding. Caden was able to figure out the issue in a timely manner. He was knowledgeable, courteous, and even helpful with other questions that I had regarding future purchases.
